Proposed Ballyglass Solar Array

Dear Householder,

I hope this letter finds you well. I am writing today to update you on our progress with the Ballyglass Solar project.

Since my last round of consultation, there has been a lot of progress made and we are almost in a position to lodge a planning application to Clare County Council. Currently it is envisaged that this application will be lodged within the next two weeks. A notice will appear in this week's Clare Champion stating same. Once the planning application has been lodged a link to Clare County Council's planning website will be provided on the project website, www.ballyglassinfo.com. Should you have difficulties accessing, please contact me and I will provide you with the planning reference number.

I would like to thank the local community for the positive engagement received to date and I intend to keep liaising with you for the entirety of the project. As always if you have any queries or would like to discuss any aspect of this proposal, please feel free to contact me. I am available by email at ballyglassclo@turnkeydev.com, by phone at 086-3979248 or via the "Contact" portal on the project website.

Yours sincerely,

James Crowley
